NO DANGER HERE

Surgeon-General Wyman's Opinion of Yellow Fever Situation.

Encouraging News From All Along the Line - Supplies For the Soldiers' Home - Important Dispatch from Health Officer Doty, of New York.

(By Telegraph to Virginian-Pilot.) Washington, D. C., Aug. 8. - Official advice from Old Point and Hampton, Va., to the Marine Hospital Service, state that no new cases of yellow fever have occurred in that vicinity since the one reported at the Soldiers' Home yesterday, and that there have been no deaths.

No new cases and no deaths at the Soldiers' Home yesterday was the encouraging report sent out from that institution, as well as by the Surgeon-General of the Marine Hospital Service. In addition the Washington correspondent wired Mr. W. E. Christian, of the Seaboard Air Line, as follows: "The whole situation is most encouraging. The disease in the Home and at Phoebus is well in hand. No danger of it getting out, and it is practically over. No danger in Norfolk or Portsmouth."

SUPPLIES FOR THE HOME. Director General Smith and General McMahon, of the Soldiers' Home, whose coming to the city last week was noted in these columns, are still here, looking after the matter of supplies. They have completed arrangements for carrying these from Newport News to a barge anchored off Sewell's Point, and from there they will be transferred to the Home just as freight is carried from Norfolk. Yesterday these officials went out on the revenue cutter Windom morning for his home, via Washington, where he will have a conference with Surgeon General Wyman. General McMahon may remain a week or ten days. He will not return to New York as long as he can be of service here. These officials regard the situation as most favorable for the speedy stamping out of the disease.

HEALTH BOARD MEETING. At the meeting of the body yesterday Dr. Newhill, the president, talked over the long distance telephone with Dr. Oppenheimer, president of the Richmond board, in regard to Norfolk and Richmond co-operating in all quarantine matters.

The request of the Nansemond county and Suffolk health authorities, that they be allowed to send to Cape Elizabeth persons from the points quarantined against who may land on the shores of the Nansemond river, was granted, the county to reimburse the city for the care of such persons.

REQUEST FROM OLD POINT. The following reply was made by Dr. Newhill to the request from Old Point that the quarantine against that place be raised at once:

"At a meeting of the Quarantine Commissioners and the Norfolk Board of Health last evening it was decided that quarantine should remain in force as at present."

NEW YORK QUARANTINE. The following was received last night from Health Officer Doty, of the port of New York:

"J. P. Lynch, M. D., Assistant Quarantine Officer, Norfolk:

"Until further notice will require quarantine officers' certificates that passengers and freight have not been in infected district."

"A. H. DOTY, Health Officer."

THE SELECT COUNCIL.

BUSINESS TRANSACTIONS LAST NIGHT WAS MOSTLY CONCLUSIVE.

At the meeting of the Select Council last night the following were present: Messrs. Bonney, R. B.; Bonney, W. A.; Connors, Holland, Kahn, Oberndorfer, Pannill, Marx, Tall, Jacobs and President Greenwood.

The anti-spitting ordinance was first taken up, and the action of Common Council asking for a conference committee was concurred in. The president appointed Messrs. Marx and Oberndorfer as members. The members from the Common Council are Messrs. Camp, Beaman and Taylor.

SALARIES INCREASED. The ordinance increasing the salaries of the City Attorney and the Building Inspector were concurred in. The City Attorney's salary is increased from \$2,000 to \$2,500, and that of the Building Inspector from \$1,000 to \$1,200.

The resolution making an extra appropriation of \$700 in addition to the \$16,000 appropriation for the opening of Tripoli and Wolf streets, was concurred in.

The ordinance authorizing the Finance Committee to issue \$173,000 in bonds to cover expenses of opening Tripoli and Wolf streets was adopted.

YELLOW FEVER APPROPRIATION. The resolution making an appropriation of \$10,000 to be used in providing for precautionary measures against yellow fever was concurred in, as was also the resolution providing that \$1,250 of this appropriation should be used for emergency street cleaning purposes by the Street, Sewer and Drain Board.

The Alms-house Committee report as to awards for supplies for the Alms-house was received and approved.

THE McCULLOUGH SAW MILL. The action of the Common Council in ordering Mr. F. W. McCullough to suspend work at the saw mill erected by him without consent of the Council on the Granby street canal caused considerable discussion.

Mr. McCullough sent a letter to the Select Council, in which he stated that he had the consent of the Fire Committee to erect the small mill, which, with the consent of the property holders, which had, was deemed by him all the consent necessary. He assured the Councils that he had no intention of violating the law in any sense. The Select Council non-concurred in the action of the Common Council.

DEED FOR CANAL STREET. The deed from J. T. Bolton and wife transferring to the city the necessary property for the opening of a new street from Boush street to National avenue was accepted, and the resolution designating the new street as Canal street was adopted.

The ordinance prohibiting cesspools was adopted. The ordinance does not affect the present cesspools.

TELEPHONE FRANCHISE. The ordinance extending the franchise of the Southern States Telephone Company 25 years was concurred in.

The resolution providing that Norfolk become a member of the League of American Municipalities was concurred in.

The resolution requiring the Inspector of Buildings to furnish lists of builders liable to license and bond was concurred in.

The reports of the same committee disapproving the resolutions for the improvement of Dunmore and Yarmouth streets were adopted.

BONDS ACCEPTED. The bond of City Auditor J. S. Cullen, approved by the Finance Committee, was accepted, as was also the bond of D. S. Baum, as contractor for the City Alms-house supplies.

The petition for the improvement of Commercial Place, between Water street and the river, was adopted.

Groundless Rumors. Among the many groundless rumors that have been current during the past week, one to the effect that the Monticello Hotel would be closed, has been widely circulated. Mr. Sylvanus Stokes, its proprietor, in a card to the public in this issue, characterizes it as an untruth and for unkind report. He announces it as absolutely untrue, stating that the closing of the hotel has never even been considered by him. The closing of the Monticello would be a genuine calamity to Norfolk, and the requested denial of the rumor to this effect will be received with much gratification by not only the friends and patrons at large, but by the general public.

Remains Forwarded. The remains of the unfortunate lad, Harry Glenn, who lost his life by drowning in Willoughby Bay, Monday, were taken to his home, in Richmond, yesterday afternoon, via the Norfolk and Western railroad for funeral and interment. The deceased was on a visit with his mother at the cottage of Mr. Isaac Roberts, at Willoughby Spit.

"For the Sake of Fun." "Mischievous" is done, too, because people neglect to keep their blood pure. This mischievous, fortunately, may be undone by the faithful use of Hood's Sarsaparilla.

HOOD'S PILLS cure all liver ills. Non-irritating.

BOLD STORE ROBBERY

A YOUNG COLORED MAN ROBS A TILL AND DASHES AWAY.

Last night, about 8:30 o'clock, a bold robbery was perpetrated at the Norfolk Candy Kitchen, No. 21 Bank street. On the soda-water fountain ledge lay an open compartment cash till, in which was about \$10.

The clerk, who was in charge of the store at the time, was in a back room, and "Dude," the colored porter of the store, was sweeping just out of the side door on the street. "Dude" happened to look into the store and saw a young colored man with his knee on the counter reaching over with one hand in the cash tray. As soon as he was discovered the thief made a break for the front door and escaped.

He wore a straw hat and light clothes. He was about 22 years old, and has been seen hanging around in front of the store for several days, as is now known, to size up the store and rob it at the first opportunity.

He was so quickly discovered that he secured only about two dollars of the money.

MR. GEORGE NORTON SAFE. REPORT OF THE SINKING OF THE YACHT MIDWAY PLAISANCE AND LOSS OF LIFE.

Early last evening the following dispatch from the New York World was received by the Virginian-Pilot: "We have report that the pleasure yacht Midway Plaisance, Captain Morton, went down while en route from Baltimore to Norfolk, George A. Norton, of Norfolk, reported on board, is report true?"

MR. NORTON IN NORFOLK. Mr. Norton was soon found at the Hume-Moore music store, and proved to be very much alive and surprised at the report. He stated that about three weeks ago he was one of a party that left Baltimore on the Midway Plaisance bound for Norfolk. They encountered very heavy weather when about three miles from the Cape, and put back to Baltimore, where they arrived safely.

One of the party is now at Charleston, S. C., but Mr. Norton does not know who Captain Morton and the other two members of the party are at present, although he has no special reason to doubt that they are safe.

It is not known on what circumstances the rumor is founded, but the Midway Plaisance may have taken a later trip with Captain Morton and a party of friends, and have met with misfortune, although nothing has been heard at the Virginian-Pilot office except the rumor above noted.

AT THE RESORTS. THE HOT WEATHER DRIVES THOUSANDS TO THE SEASIDES.

The extreme heat of the past few days has driven thousands daily to seek coolness at the various seaside resorts. Ocean View caught a large crowd Sunday, and the bathing and cool breeze were heartily enjoyed.

Virginia Beach is always a popular place for tired urbanites to Sunday at, and on Sunday last it was well patronized. During the extreme heat of the past few days the thermometer at this delightful resort made a most satisfactory showing, and the bathing was delightful.

For several nights past the ladies in light summer garments have found it very desirable while sitting or strolling in the open air. The Athletic Hotel at Virginia Beach had about one hundred guests Sunday, and under its new management has won great popularity. Mr. Groner has proved to be a good hotel man, as well as being versatile in other lines of business, and he has also surrounded himself with men of long experience in hotel work.
